Dear Parents,

Under Section 746.603 of the Texas Department of Family and Protective Services we are required to maintain Sign-in and Sign-out logs. Kids 'R' Kids will use the Checkpoint (School Leader) system to maintain these records. This means that every parent will have to use the computer in the front to sign their children in and out each day. If you are not sure how to use this please ask someone at the front desk to teach you. Also, we will use Checkpoint Messaging and e-mails to communicate with parents. If you have not submitted your e-mail address please do so today so that we can get our distribution list up and going. Thank you very much for your help as we strive to improve in the communication department.
